

## AFB0824HHB Delta

Brand: Delta

SKU: AFB0824HHB

Category: DC Axial Fans

URL: <https://www.fansco.com/item/afb0824hbb-delta/>

Contact: [sales@fansco.com](mailto:sales@fansco.com)

## Product Description

AFB0824HHB Delta 80x80x15mm Ball 24VDC 35.67CFM(1.010m<sup>3</sup>/min)  
0.159inchH<sub>2</sub>O(4.03mmH<sub>2</sub>O) 37.0dB(A) 2.40W 3400RPM 2wireleads fan

## Technical Specifications

| Attribute                  | Value                                                |
|----------------------------|------------------------------------------------------|
| Part Number                | AFB0824HHB                                           |
| Manufacturer               | Delta Electronics                                    |
| Dimensions                 | 80x80x15 mm                                          |
| Fan Type                   | DC                                                   |
| Approval Agency            | CE, CSA, UL, VDE                                     |
| Operating Temperature      | 14 ~ 158°F (-10 ~ 70°C)                              |
| Features                   | Locked Rotor Protection                              |
| Series                     | AFB                                                  |
| Air Flow (m <sup>3</sup> ) | 1.010 m <sup>3</sup> /min                            |
| Termination                | 2 wire leads                                         |
| Fan Speed                  | 3400 RPM                                             |
| Power Rating               | 2.40 W                                               |
| Noise Level                | 37.0 dB(A)                                           |
| Static Pressure            | 0.159 inchH <sub>2</sub> O (4.03 mmH <sub>2</sub> O) |
| Air Flow                   | 35.67 CFM                                            |
| Voltage Rating             | 24 VDC                                               |
| Bearing Type               | Ball Bearing                                         |
| Weight                     | 0.128 lb (58.06 g)                                   |
| Category                   | Axial                                                |
| Current Rating             | 0.10 A                                               |
| Operating Voltage          | 14 ~ 27.6 VDC                                        |
| Material Frame             | Plastic                                              |
| Lifetime @ Temp            | 70000 Hrs @ 40°C                                     |
